

Source Cards and Note Cards

Research Note-Taking

Source Card

- You will need to create a source card for each source you use.
- Each source card should include information about the source (author, title, year, etc.).
- Different types of sources use different formats. Make sure you use the right one.
- Each source card is assigned a letter that will be used in creating your note cards.

Note Card

- The page # goes in the upper left corner.
- The matching source card letter goes in upper right corner.
- The topic name should be centered on top line of card.
- Write only on the front side of the card.
- Write facts, but do not use complete sentences.
- Do not copy straight from the source. Write the information in your own words to show your understanding.
